

Blessing 3 V3.9.6.09 10

Expert advisor (trading robot) · MetaTrader 4 · MQL source code included

About this tool

Blessing 3 V3.9.6.09 10 is an expert advisor (trading robot) for MetaTrader 4. It increases the lot size after a losing trade (martingale), opens a grid of orders at fixed price steps and can hold buy and sell positions at the same time (hedging). It has 40 settings, such as Version 3 9 6, Trade comment and Ea number. MQL source code included.

It also places pending buy/sell stop or limit orders, moves the stop loss behind price (trailing stop / break-even) and trades only in the hours you set (time filter).

Files in the download: Blessing 3 v3.9.6.09.mq4.

Trading robots can lose money. Check every setting and test on a demo account before using real funds.

Settings (40)

These are the inputs you see when you attach the tool to a chart. Defaults are the values in the code.

Setting	Default	What it does
Version 3 9 6 (Version_3_9_6)	EA Settings:	—

Label ts (LabelTS)	Trading Settings:	—

How to install

1. Download the ZIP from your PolyMaria library and unzip it.
2. In MetaTrader 4 open File -> Open Data Folder, then go to MQL4 -> Experts.
3. Copy the .mq4 file(s) there. Put any .mqh files in MQL4 -> Include.
4. Open the .mq4 file in MetaEditor and press Compile (F7) if MetaTrader does not show it.
5. Drag the expert advisor from the Navigator onto a chart, check the settings, allow Algo/Auto Trading and press OK.
6. Test it first on a demo account or in the Strategy Tester.

Good to know

- Test every expert advisor on a demo account or in the Strategy Tester before trading real money.
- Past results of any tool do not guarantee future results. Trading involves risk.
